Group Name:		Examiner:	
Group Meetings, Overall Quality of the Project Progress		A	B
Points to be discussed/assessed: <ul style="list-style-type: none"> - Is the group maintaining an effective communication channel for group work? (e.g., messaging, code repository) - Is the group tracking the roles and tasks necessary for the group work? (i.e., is everybody fulfilling their tasks on time, and is there a mechanism in place to resolve problems ?) - Is the implementation progressing towards the planned scenario? 			
Remarks			
A: Yes, very good/doing well. B: Yes, but needs more work C: Not doing well (maybe the group members need to think about where they are if this is the case!)
