COMP9322- Assignment 3 Meeting One (on Design) Marking Guide (S1, 2018)

Group Name:	Examiner:			
Group Meetings, Overall Quality of the Project Plan		**A**	**B**	**C**
Points to be discussed/assessed: - Has the group established an effective communication channel for group work? (e.g., messaging, code repository) - Has the group established the roles and tasks necessary for the group work? - Has the group identified datasets to use the mashup? - Has the group identified the use-case scenario for the mashup application? (i.e., what is the mashup going to show for the users?) - Has the group identified the (high-level) system architecture and components necessary for the group work? (not to be detailed, high-level plan)				
Remarks				
A: Yes, very good/ready to work. **B:** Yes, but needs more work **C:** No. not ready.				

Final Grade:
